Gentlemen:

Please register this correspondence as OPPOSITION to the Kentucky American Water Plan for approval currently being considered before the PSC.

Kentucky American Water has a primary goal: Increase profits for the shareholder.

The Louisville Water Company plan offers a more economical and environmentally sound consideration. Both parties have testified under oath. Whom to believe? An organization 70 miles down the road or a conglomerate located somewhere in Europe.

Thank you for your time and efforts as you consider a Lexington utility which is of life-sustaining importance.
